

PROGRAM

Wednesday October 16th – Sorbonne	
14h-16h	Welcome and registration of participants T ² M Executive Committee meeting (by invitation)
16h-16h30	Conference Opening: A. CONCHON (University Paris I-Panthéon-Sorbonne, Chair of local committee) and M. FLONNEAU (University Paris I-Panthéon-Sorbonne, T ² M President) Speech by M. PAPINUTTI (Ministry of Ecological and Solidarity Transition) et P. FEVRIER (History Committee of the Ministry of Ecological and Solidarity Transition) Speech by P. BONIN (vice-president of University Paris I-Panthéon-Sorbonne) Speeches by A. ADHAM (president of SER), J. MESQUI (president of URF), C. CHAM (president of FIEV)
16h30-18h amphitheater Louis Liard	Keynote : P. GRISET (University Paris Sorbonne), Between dreamed ubiquity and materiality: Information, communication and mobility in the contemporary era
18h-20h	Cocktail at the Appartement Décanal (Panthéon)

Thursday October 17th - Campus Condorcet

8h00-9h00 Welcome and registration of participants

9h00-10h30. **Session 1**

Salle 1	<p style="text-align: center;">1.1 - Infrastructures (1)</p> <p>Chair: L. SOUSA (CIUHCT Lisbon) C. VAN TILBURG (Leiden University), Roman roads : construction, destruction, reconstruction M. SECCOMBE (Lancaster University), « To whom it doth belong » : highways, causeys and roads in the parish of Halifax, 1605-1700 J. BURCHARDT (National Museum of Science and Technology), The history of bridges collapses : consequences of the drive to build larger bridges when technical design is human</p>
Salle 2	<p style="text-align: center;">1.2- Places of mobility</p> <p>Chair: M. ESBESTER (University of Portsmouth) V. MARQUEZ (Mexico City), A Sidewalk Story G. GOPAKUMAR (Concordia University), Bussing: Locating encounters with buses and public transit C. MARTIN (University of Sao Paulo), The past, the present and the possible of a subway station in downtown São Paulo</p>
Salle 3	<p style="text-align: center;">1.3 – The production of mobility</p> <p>Chair: G. KOZUBSKI (FFC) A. MILOR (University Paris Sorbonne), Restructuring French automotive industry in the 1980s: The new face of the supply chain P. BEK (Eindhoven University of Technology), Empowering and Disempowering Workers: Company-Organized Commuter Buses in Post-World War II Netherlands D. HOPKINS (University of Oxford), The Changing spaces of/for Truckers : Motorway services and truck stops in the UK</p>
Salle 4	<p style="text-align: center;">1.4 - Flow control</p> <p>Chair: L. LABORIE (CNRS) K. LOOCKX (University of Antwerp) and T. FEYS (ULB), Controlling international Mobility and Migration in the Port of Antwerp (1830-1914) : the case of the Seafarers as ‘Mobiligrants’ T. BABICHEVA (Vedecom Versailles) and I. ULIANOVA (University of Saint-Petersburg), The history of mathematical modeling of traffic flows in the 1920-1970s C. BREINHOLM CHRISTENSEN (Aalborg University), Congested metro materialities – unfolding agencies and affordances</p>
Salle 5	<p>JTH Meeting (by invitation)</p>
Salle 6	<p style="text-align: center;">1.5 - Fixing the mobile citizen (1)</p> <p>Chair: G. DE BLOCK (University of Antwerp) S. GUNN (University of Leicester), The ‘No-Car Folk’ : Transport Poverty and Citizenship in the Motor Age M. HØGHØJ (Aarhus University), Designing the (sub)urban Citizen : The Material Politics of Danish Modernist Mass Housing M. QVISTRÖM (Swedish University of Agricultural Sciences), Fixing the sedentary citizen : Materialising rhythms and routines for recreational mobilities in a car based welfare city</p>
10h30-10h45	Break

10h45-12h15. Session 2	
Salle 1	<p align="center">2.1 – Infrastructures (2)</p> <p>Chair: U. HAEFELI (University of Bern) P.-L. BALLOT (University of Grenoble) and F. CHOLAT (University of Grenoble), Do not seek the speed, take the time to improve the road ! Story and providing of a “slow” immersion on the Route Nationale 7 J. R. PÉREZ PORTILLO (CEMCA), Crossing the Andes and the Tibetan plateau, by train. Technological, geostrategic and geo-economics implications in both the Argentine and Chinese contexts, respectively E. COOPER and T. VANOUTRIVE (University of Antwerp), Considering historical and cultural influences on accessibility in ex-urban areas: the case of Modesto</p>
Salle 2	<p align="center">2.2 - Mobility control</p> <p>Chair: M. LE ROUX (ENS-IHMC) A. CONCHON (University Paris 1-Panthéon-Sorbonne), At the core of travellers mobility and freight transport in 18th century France: the circulation of papers T. FOOSE (University of Marburg), The British Passport: Mobility between England and Jamaica during decolonization (1948-1975) C. WEHR (Würzburg University), Mobility, Postal System and Travel Reports in Latin America During the Bourbonic Reforms: The Case “El Lazarillo de ciegos caminantes”</p>
Salle 3	<p align="center">2.3 - Cars : ownership and driving</p> <p>Chair: E. FAUGIER (Paris Tech School of Mines) G. MOM (Eindhoven University of Technology), The postironic car : Consuming automobilism in East and West R. BASSETT (North Carolina State University), Before the Green Book: African-American Car Ownership and Infrastructures of Power in North Carolina (1915-1930) J. BAUMEISTER (University of Mannheim), On the way to automotive future? National Socialist Transport Policy and the Promotion of Motorized Individual Transport (1933-1939)</p>
Salle 4	<p align="center">2.4 - New Mobility infrastructures and the citizen</p> <p>Chair: P. HAIXIAO (Tongji University of Shanghai) R. KELLERMANN (Berlin University of Technology), The sky is the limit : Future usage or urban airspace H.-L. DIENEL (Berlin University of Technology), Game changer of urban mobility: the drones (a critical report on a research sijnour in the US) H. WEBER (Karlsruhe Institute of Technology), ‘La Voiture qui dure’? – Temporalities of the 20th century Passenger Car</p>
Salle 5	<p align="center">2.5 - Roundtable: Sustainable Urban Mobility</p> <p>Chair : M. EMANUEL (Uppsala University) T. MÄNNISTÖ-FUNK (Chalmers University of technology) C. POOLEY (Lancaster University) M. SHELLER (Drexel University Philadelphia) R. OLDENZIEL (Eindhoven University of Technology)</p>
Salle 6	<p align="center">2.6 - Fixing the mobile citizen (2)</p> <p>Chair: G. DE BLOCK (University of Antwerp) I. SCHEPERS (University of Antwerp), Fixing the commuter. Decentralizing living and working during a period of modal shift M. THELLE (Aarhus University), Fixing metabolic rights to the city : water networks in Copenhagen N. ROSEAU (ENPC), Mobility versus infrastructure: the materiality of imaginary</p>
12h15-13h15	<p>Lunch speech of Prof. P. HAIXIAO (Tongji University of Shanghai)</p>

Equipauto (Porte de Versailles)	
16h	Speeches by P. BAUDIN (President of Equipauto) and C. PEUGEOT (President of CCFA)
16h30-17h30	- Round table 1. From Past to Future: Governing new mobility Chair: A. PASSALACQUA (University Paris Diderot) J. COLDEFY (independant expert), Y. CROZET (LAET), F. CAZENAVE (Bosch Megacities Institute) et P. TEBIBEL (Colas)
17h30-18h30	- Round table 2. From Past to Future: Marking, Signage and connected vehicles Chair: M. FLONNEAU (University Paris 1-Panthéon-Sorbonne) M. DESPORTES (History Committee Ministry of Ecological and Solidarity Transition), H. BREAU (Signature - service Innovation), X (Continental), X (Isosign) and X (3M) Conclusion : N. COLIN-OESTERLÉ (European deputy)
18h30	Keynote: P. PELATA (Meta Strategy Consulting), Automobiles and mobility: the revolution is underway
19h15	Closing speech: C. CHAM (President FIEV) Cocktail

Friday October 18th – Campus Condorcet

8h30-9h00	Welcome of participants
9h00-10h30. Session 3	
Salle 1	<p style="text-align: center;">3.1 - Representations of mobility</p> <p>Chair: S. BERNARDIN (ENPC)</p> <p>L. POZHARLIEV (Justus-Liebig University Giessen), Vehicles as “Civilization”: Bridging the change to the Danube and Black Sea region in the second half of the 19th century</p> <p>T. ALLIS and V. SILVA (University of Sao Paulo), "Roadways' catechism" and the emerging of tourism in Brazil in early 20th century: evidences from the "A Estrada de Rodagem" Magazine (1921-1928)</p> <p>S. RICHEZ (Post Office History Committee), To make the mail faster : The French Post Office, between reality and science fiction (19th-20th centuries)</p>
Salle 2	<p style="text-align: center;">3.2 -The social life of objects</p> <p>Chair: A. MICHEL (University of Evry)</p> <p>F. ALKEMADE (Erfgoed o Weg), The rise and fall of the ‘architectural’ petrol station in the Netherlands</p> <p>L. MILLWARD (Univeristy of Manitoba), Baggage Allowance and the anxious Air Passenger</p> <p>Y. BOUVIER (University Paris Sorbonne), Mobility in the pocket: the advertising history of French gas stations</p>
Salle 3	<p style="text-align: center;">3.3 - Territorial dynamics of networks</p> <p>Chair: C. LOPEZ GALVIZ (University of Leicester)</p> <p>A. STARZEC (UCL), Mapping Scottish Mobilities: Transport Network Development in the Scottish highlands</p> <p>H. PEREIRA (New University of Lisbon), Past, present and future of the Portuguese narrow-gauge network</p> <p>V. BOUTUEIL and G. LESTEVEN (LVMT), From chaotic to digital. Past, present and future trends in paratransit in African cities</p>
Salle 4	<p style="text-align: center;">3.4 - Urban mobilities</p> <p>Chair: H.-L. DIENEL (Berlin University of Technology)</p> <p>T. SCHELESSER (ULB), From the network to the street, the physical establishment of the tramway in the nineteenth century Brussels streetscape</p> <p>G. GHOSH (Jadavpur University), The 'Transport Revolution' and the society in the twentieth century. How the interactions between technology and the people shaped the city of Calcutta ?</p> <p>J. GRACE (University of South Carolina), The Neo-Liberal Afterlives of Socialist Mass Mobility: The Case of Dar es Salaam, Tanzania, 1961 to the Present</p>
Salle 5	<p style="text-align: center;">3.5 - Public transport as public space</p> <p style="text-align: center;">1. Ephemeral encounters</p> <p>Chair : W. KĘBŁOWSKI (ULB) and T. TUVIKENE (Tallinn University)</p> <p>S. WENGLANSKI (UPEM), Everyday experience in the Parisian A train. How to report on the trivial?</p> <p>K.-H. TSANG (University of London), An unanticipated Nostalgic Ride. Collectively experiencing the Past on the London Tube strike Vintage Replacement Bus</p> <p>A. L. TOIVANEN (University of Eastern Finland), Postcolonial cartographies of Paris: Everyday urban mobilities in Michèle Rakotoson’s Elle, au printemps and Alain Mabanckou’s Tais-toi et meurs</p>
Salle 6	<p style="text-align: center;">3.6 - Heritage (1)</p> <p>Chair: M.-N. POLINO (SNCF)</p> <p>M.-L. GRIFFATON (Air and Space Museum), Big ships, long trains, large aircrafts: how to keep material evidence and share mobility experience</p> <p>T. SAAR (Estonian Maritime Museum), Doing something from nothing. Estonian Maritime Museum' s Experience: Ordering the New Shipmodels of Historical Vessels</p> <p>M. FLONNEAU (University Paris 1-Panthéon-Sorbonne), The project of the « Cité de l'Automobilisme et de la Mobilité »</p>

10h30-10h45	Break
10h45-12h15. Session 4	
Salle 1	<p style="text-align: center;">4.1 - Representations</p> <p>Chair: D. SCHAEFER (Max Planck Institute for the History of Science Berlin) M. MOTYLINSKA (Leipzig IRSS) and M. AJALA (University of Lagos Akoka), (Dis)Connecting Elements. A Vivisection of Ebute-Ero in Lagos M. T. FRANCO AGUILAR (Queen Mary University of London), A Transport of One's Own: Public Transport in Contemporary : Mexico City through the Lens of Photojournalism A. VOGEL (Kutztown State University of Pennsylvania), Tramps on the Road: Homelessness and the Construction of America's Modern Road System</p>
Salle 2	<p style="text-align: center;">4.2 - New Mobilities</p> <p>Chair: M. EMANUEL (Uppsala University) M. DESPORTES (History Committee Ministry of Ecological and Solidarity Transition), The view from the autonomous vehicle E. FAUGIER (Paris Tech School of Mines), Speed and Infrastructure: Automobility in Quebec and Rhone Region, 19-20th century G. LOCKTON (University of Leicester), The Driverless car in 1960s Britain</p>
Salle 3	<p style="text-align: center;">4.3 - Space uses</p> <p>Chair: R. KELLERMANN (Berlin University of Technology) C. WEVELSIEP (university Flensburg), Disappearance and return of the category space J. CIDELL (University of Illinois), Spaces of Distribution at a North American River Confluence C. POOLEY (Lancaster University), Walking spaces: changing pedestrian practices in Britain since c. 1850</p>
Salle 4	<p style="text-align: center;">4.4 - Urban traffic</p> <p>Chair: V. MARQUEZ (Mexico City) A. B. PANDIT, Automobility, Stalking and Counter Performativity in the planned cityscape of Chandigarh C. PELGRIMS (ULB), Infrastructuring fast and slow mobility in Brussels. Evolution of imaginaries (1950-2019) A. PASSALACQUA (Paris Diderot University), Exposing urban utopias based on transport systems: a retrospective analysis of the Grand Paris Pavilion for the Architecture and Landscape Biennial in Versailles</p>
Salle 5	<p style="text-align: center;">4.5 - Public transport as public space 2. Exploring the layers of diversity</p> <p>T. WEICKER (Berlin University of Technology), Marshrutka Art and Media as a multi-layered space M. BOVO and M. BRICOCOLI (Politecnico di Milano), A bus as a public space. Everyday multiculturalism in Milan B. RINK (Univesrity of the Western Cape), Negotiating the 'public' in public transportation: Transgression and normativity within bus passengering in South Africa Discutant : G. LOPEZ-GALVIZ (University of Leicester)</p>
Salle 6	<p style="text-align: center;">4.5 - Heritage (2)</p> <p>Chair: P. LYTH (University of Nottingham) M. JASTRZAB, Exhibiting Socialist Success: The Museum of Technology marks the 25th Anniversary of the Passenger Car Factory (FSO) in Warsaw V. GUIGUENO (Quai Branly Museum), Mobility and Museum in interwar period : the legacy of Automobile "Cruises" in Transport and Ethnographic museums S. BABAIAN (Canada Science and Technology Museum), What I Learned from an old boat</p>
12h15-13h15	Lunch

13h15-14h45. Session 5	
Salle 1	<p align="center">5.1- Time and mobilities (18th-20th century)</p> <p>Chair: A. CONCHON (University Paris 1-Panthéon-Sorbonne) R. FÜHRER (ETH Zurich), Historical models of least cost paths, travel times and accessibilities of road-based transport in Western Europe 1500 to today C. HERR-LAPORTE (University Paris Diderot), A tool for mobility: schedules (18th-early 19th century) G. BESSON (University of Grenoble), Beyond clocks: the emotional perception of time when travelling in Europe between 18th and 19th centuries</p>
Salle 2	<p align="center">5.2.- Round-table discussion: High speed frictionless vehicles</p> <p>Chair: M.-N. POLINO (SNCF) J. COHEN (City University of New York) P. LYTH (University of Nottingham) V. MARQUEZ (Mexico City) M. MORAGLIO (Berlin University of Technology)</p>
Salle 3	<p align="center">6.3 – Imperial mobilities (1)</p> <p>CHAIR: V. GUIGUENO (Quai Branly Museum) H. KIMIZUKA (Waseda University), Coastal trade and admiralties of French Colonies at the end of the eighteenth century S. DURAN (University of Trakya Erdine), Overcoming the major limits of maritime transportation in the Ottoman empire from the Crimean War to the opening of the Suez Channel (1853–1869) S. PONSADVY (Wesleyan University), Driving Indochinese? Automobilities, Materialities, and Identities in French Indochina</p>
Salle 4	<p align="center">5.4 - Public transport as public space</p> <p align="center">3. Regulation and contestation</p> <p>C. LINDKVIST (Lund University), Numbers versus the people – integrating gender in Swedish public transport planning T. VANOUTRIVE (University of Antwerp), Transport pricing, justice and public space J. MCARTHUR (University College of London) and C. Halpern (Sciences Po Paris), The publicness of public transport space: how do transport governance arrangements structure the influence of history and socio-cultural norms? Discutant : M. SHELLER (Drexel University Philadelphia)</p>
Salle 5	<p align="center">5.5 - Sustainable mobilities</p> <p>Chair : N. HAUTIERE (IFSTTAR) C. LOIR (ULB), Sidewalks and the materiality of complex relationships between pedestrians and vehicles: historical perspective and current challenges in Belgium H. J. DEKKER (Eindhoven University of Technology), A cycling revival: the Netherlands in the 1970s and beyond L. BALDASSERONI (Paris-Est Marne la Vallée University), On the bike paths' dependency: a history of cycling as a marginal mode on the street, Lyon, 20th century</p>

15h00-18h00	<p>Visits (per group of 25-30 people)</p> <ul style="list-style-type: none"> - Plastic Omnium - Air and Space Museum - Jérôme Seydoux-Pathé Foundation - CNAM
--------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

19h30-22h00	Conference official banquet (Train Bleu)
--------------------	-------------------------------------------------

Saturday October 19th – Campus Condorcet

8h30-9h00	Welcome of participants
-----------	-------------------------

9h00-10h30. **Session 6**

Salle 1	<p style="text-align: center;">6.1 - Transport: a keyword for history</p> <p>Chair: G. MOM (Eindhoven University of Technology) M. MORAGLIO (Berlin University of Technology), Transport history and its Journals : where we stand ? G. DE BLOCK (University of Antwerp), The Challenges and joys of connecting social theory and transport history M.-N. POLINO (SNCF), Design in mobility history, between transport history and vehicles technology, marketing, demand and supply, and vision culture N. ROSEAU (Ecole des Ponts Paris Tech), Objects that resist. History of mobility and infrastructure at the prism of contemporary problems</p>
Salle 2	<p style="text-align: center;">6.2 - Roundtable discussion: Mobility Justice</p> <p>M. SHELLER (Drexel University Philadelphia) R. OLDENZIEL (Eindhoven University of Technology) M. ESBESTER (university of Portsmouth) C. GAY (Forum Vie Mobiles)</p>
Salle 3	<p style="text-align: center;">6.3 – Imperial mobilities (2)</p> <p>CHAIR: C. BERTO-LAVENIR L. SOUSA (CIUHCT Lisbon), Constructing a colonial natural resource: Portuguese engineering research on laterite for road construction in Angola and Mozambique in the late colonial period A. MAGGARD (Williams College’s maritime Studies program in Mystic), Pathways to the Pacific : the Panama Route and American Expansion in the 1850s E. STURTEVANT (Columbia University), Laying the Logistics of empire : Hawaian Railways and Industrial Agriculture</p>
Salle 4	<p style="text-align: center;">6.4 - Roundtable: Studying Motion at the National Railway Museum (UK)</p> <p>S. VOHRA E. BARTHOLOMEW T. SPAIN C. KINGSTON E. ADAMS</p>

10h30-10h45	Break
-------------	-------

11h-12h Amphitheater	Keynote : Andreas MARKLUND (ENIGMA – Museum of Communication in Copenhagen), Brave new worlds, nagging fears: Historical reflections on politics and transnational communications infrastructures?
12h-12h45 Amphitheater	Roundtable: The air mobility of mobility scholars A. PASSALACQUA (University Paris Diderot), M. HURE (University of Perpignan) and S. LANDRIÈVE (Forum Vies Mobiles)
12h45-13h	T ² M Meeting Participants Closing speech

13h-14h	Lunch
---------	-------
